Subject: Application for Telecom Technician Position

Dear Hiring Manager:

I am writing to express my interest in the Telecom Technician position at NIU Professionals, Inc. As a Bachelor of Science in Information Technology student, I have developed basic technical, troubleshooting, and problem-solving skills that I am eager to apply in a telecommunications work environment.

Through my studies, I have gained knowledge in information technology, computer systems, hardware, networking concepts, and basic troubleshooting. I am willing to learn about cable installation, fiber optics, routers, switches, network testing, and diagnosing connection problems. I am also comfortable following instructions, documenting technical information, and working carefully with equipment.

I understand that the position requires a willingness to learn and that no experience is also encouraged to apply. Although I do not yet have professional telecom experience, I am willing to undergo training, develop the necessary technical skills, and adapt to the responsibilities of the position. I am also willing to work in a team and follow industry standards and safety procedures.

I am interested in this opportunity because it would allow me to gain practical experience in telecommunications while applying the technical knowledge I have developed through my IT studies. I am hardworking, willing to learn, and committed to improving my skills.

Thank you for considering my application. I would appreciate the opportunity to discuss my qualifications and learn more about the Telecom Technician position.

Respectfully yours,

CARL ANGELO E. ASUNCION

Applicant – Telecom Technician

PROCESS & INTEGRITY NOTE

1. JOB IDENTIFICATION STRATEGY

I located the Telecom Technician position at NIU Professionals, Inc. through the provided job posting. I selected this opportunity because it is related to Information and Communication Technology and matches my interest in technical support, networking, hardware, and telecommunications. The posting also states that applicants with no experience are encouraged to apply.

2. OPPORTUNITY EVALUATION (CABC METHOD)

Credibility - Reviewed the job posting for NIU Professionals, Inc. and used the listed employer, position, location, responsibilities, and qualifications as the basis for this portfolio.

Accuracy - Cross-checked the resume and cover letter against the job description to ensure that the skills and qualifications presented are relevant. No professional experience or certification was added if it has not yet been earned.

Bias - The information was used mainly to identify the actual job requirements and responsibilities. Promotional claims were not added or treated as personal qualifications.

Currency - The information was based on the job posting provided for this assignment. Since job postings can change or close, the vacancy should be checked again before making an actual future application.

3. ARTIFICIAL INTELLIGENCE & INTEGRITY STATEMENT

Artificial Intelligence was used as an auxiliary tool to help organize, improve, and refine the resume, cover letter, and Process & Integrity Note. The information and qualifications were reviewed personally before inclusion in the portfolio. No work experience, certification, or professional qualification was falsely created or exaggerated.

4. PRIVACY & DOCUMENT DESIGN RATIONALE

To protect personal privacy, only necessary contact and application information was included in the portfolio. Sensitive information such as government identification numbers, passwords, and financial information was omitted. The document uses clear headings, readable text, and organized sections to make the information easy for an employer or hiring manager to review.
